

Caracteristici

Structura produsului este din lemn masiv de fag, plăci din aşchii și fibre de lemn. Confortul este asigurat de pernele de spătar din poliuretan HR (high resilience), și de pernele de șezut așezate pe o împletitură de chingi elastice la modelul fix, pentru un plus de confort. Extensia are structură metalică, lamele elastice de fag și o saltea din poliuretan de 12 cm.

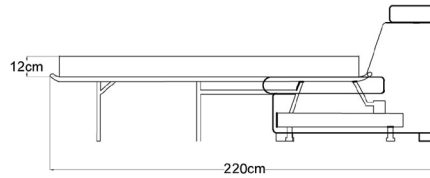

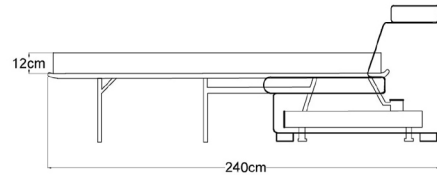

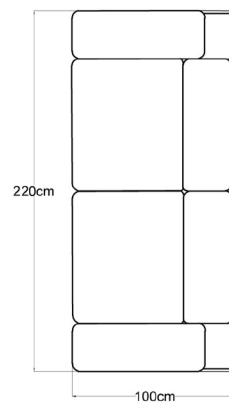

Extensie 3L/2.5L
