

Caracteristici

Structura produsului este din lemn masiv de fag, plăci din aşchii și fibre de lemn. Confortul este asigurat de pernele de șezut și spătar din poliuretan HR (high resilience), prevăzut cu chingă elastică pentru un plus de confort. Extensia are structură metalică, lamele elastice de fag și o saltea din poliuretan sau plasă de arcuri de 12 cm.
